

SCREENING REQUIREMENTS

Basketball Victoria By-laws and the Victorian Government Working With Children Act make it compulsory for all coaches and administrators (such as team managers) of representative teams with regular contact with minors to be screened unless the coach or administrator is under 18 years of age.

Penalty: Failure to comply with the Screening By-Laws will result in:

- VJBL issuing a \$50 fine per coach, per game they coach in.
- Suspension of Coach and loss of game, if they coach after receiving the above penalty and still haven't complied with Screening By Laws.
- Disqualification of team, if coach continues to coach after receiving above penalties and still failing to comply with Screening By Laws.

Basketball Victoria and the Victorian Government have recognised that there is a need to protect junior basketballers from physical and mental violence, exploitation and abuse (including sexual abuse) from basketball coaches and administrators with whom they come in contact.

The Member Protection By-Laws and the Act require all relevant persons to complete a Working With Children Check. In addition to the Working With Children Check, all persons to whom the by-laws apply must complete a statutory declaration in the form attached. If the person cannot truthfully sign the declaration, he or she must not continue to be involved with children but may write to Basketball Victoria explaining why the declaration cannot be signed.

A decision will then be made on whether the person may be involved. It requires that all persons in positions with individual unsupervised contact with youths/children/players be included in your screening. The aim of the requirements is to protect children involved in the sport and there are heavy penalties under the Act for any person appointing a relevant person without a Working With Children Check.

If a person is new to the association and is not known, the person must be required to produce photo identification and written references and the references must be checked.

Persons who already have the Working With Children Check will not be required to undergo another until expiry of the Check (5 years from issue) as the Check is portable between sports and associations, but will need to sign the statutory declaration as soon as possible. Associations may require a person to undergo a police check at any time.

Applicants for a Working With Children Check must list their Association as an employer on their application (Not Basketball Victoria.) If there is an adverse report about a person then the Association Representative is to contact Gerry Glennen at Basketball Victoria immediately to determine the course of action taken.

If your Working With Children check application is unsuccessful, an appeal process is available through the Victorian Civil and Administrative Tribunal under the Act.

It is important that all children be protected. It is required that all volunteers, e.g. coaches, team managers, uniform officers and first aid- workers be asked to complete these forms.
